Lasting Impressions is a wilderness camp based in Kadoma, Zimbabwe. We use the principles of servant-leadership found in scripture to lead the youth of Zimbabwe to a newfound hope in Christ, which will radically transform not only the way they see themselves, but also the life choices they make.

In this African country, the high incidence of HIV; the cycle of poverty and government corruption, as well as an unemployment rate of 80%, have led to fatalism, hopelessness and despair among the Zimbabwean people.

For over a decade we at Lasting Impressions have sought to empower the youth of Zimbabwe by teaching them how to deal with the hard realities of life, and be over comers in Christ. Students, drawn from government schools across the nation, leave empowered with the leadership skills found in scripture, understanding that God does have a plan and future for them. They leave with hope.

God is growing the ministry of Lasting Impressions beyond our current capacity to keep up with opportunities. Because of the extreme poverty of the people, we need your support in making this life changing camp available to those who so desperately need to encounter Christ.

Lasting Impressions would be grateful for your prayers and any financial support God leads you to give.
