

Lasting Impressions Happenings

May, 2009

Camps in Botswana this month - Isn't it amazing how kids are the same all over the world.

They enjoy playing, singing, making funny faces, and camping, but they also all need love and need to hear about the ultimate love relationship we can each have with Christ.

We had several great weeks of camps with 5 groups of students in Botswana throughout May. The new facilities are amazing and the students are so enthusiastic and open. Lots more Botswana camps are booked for this year. It's all very exciting.

Zimbabwe Outlook

Although there are still atrocious things going on in Zimbabwe that sometimes make me want to scream, God is at work and we are starting to see the tide changing. Schools are starting to function, medicines are going back into the hospitals, doctors and nurses are more likely to be at work than on strike, and there is food coming back onto the shelves of stores. The prices are still high but they are starting to come down. We still have many friends suffering because of greedy officials taking what doesn't belong to them, but I strongly believe justice will prevail.

With regards to our camps, we are fully booked for this year. We will be busy in Botswana and Zimbabwe. Thousands of children will encounter Christ and receive education, life training and lots of love.

He is up to Something!

Anne Graham Lotz wrote, "This time of personal and financial turbulence has served to create a high level of expectation in my heart. Since I know that God loves me and is in control of all things, I also know this current round of multiple challenges I'm facing must mean that He is up to something. What is it?"

We have felt lots of personal and financial turbulence lately as I'm sure many of you are experiencing as well. Our prayer is that instead of worrying we wait with expectation and rest in the assurance that He is up to something.

Thanks for your prayers and support!
